+ The **Epson SureColor F1070 Business Edition** DTG/DTF Hybrid Printer is a compact, versatile, and professional-grade printing solution built for entrepreneurial makers ready to turn their ideas into sellable products. **The business edition is an all-in-one bundle that comes with printer hardware, extra ink, and maintenance supplies**, so you can start producing premium-quality t-shirts, hoodies, totes, and specialty items from **day one** without delays or extra setup. Every print is vibrant, durable, and retail-ready, giving your creations a polished, professional look.

With a compact 28" footprint, the SureColor F1070 fits comfortably in small shops, garages, or maker spaces, giving you professional printing power without taking over your workspace.

Product Benefits

2-in-1 Printer.

The F1070 printer is designed for both Direct-to-Garment (DTG) and Direct-to-Film (DTF) printing, allowing you to choose the method that works better for different projects while saving space in your shop and increasing productivity!

Print in White!

With the CMYK + W UltraChrome® DG2 Ink, you can print vibrant colors and white onto any color garment! It delivers vibrant, detailed prints with incredible clarity everytime.

Endless possibilities!

Expand your product offering with the F1070! Print directly on t-shirts, uniforms, hoodies, sportswear, home decor, kids wear and more! PLUS, with DTF, you can print on non-fabric items and unique shapes.
