The Most Trusted Name in Display and Signage Panels
3A Composites

SINTRA®
FOAMED PVC

Why Sintra®?

- SINTRA® Bright White is the brightest, whitest and most consistent PVC board on the market
- Premium surface provides outstanding printing results
- Superior dent and scratch resistance
- Lightweight yet rigid and durable
- Ease of machinability
- Easily formed into just about any shape imaginable using wood and foam board fabrication techniques
- Good chemical resistance

Available in:
- 3mm Bright White - 24" x 48"
- 6mm Bright White - 24" x 48"

GATORFOAM®
HEAVY-DUTY FOAM BOARD

Why Gatorfoam®?

- The original, high-performance graphic arts board
- Up to 3" thick for mounting and adding dimension
- Excellent reputation for digital and screen printing
- Bright white facer is the brightest board of its kind
- Dent and scratch resistant

Available in:
- 3/16" White - 24" x 48"
- 1/2" White - 24" x 48"

FOME-COR®
PAPER-FACED FOAM BOARD

Why Fome-Cor®?

- The original graphic arts foam board with a great reputation for performance
- Perfect for die cutting with a compressed edge that stays closed
- Quick service on cut-to-size orders including large sheets up to 8'x10'
- Uniquely embossable for 3-D effect displays
- Cuts easily and cleanly, even by hand
- Extremely lightweight
- Well-suited for screen printing or digital printing applications

Available in:
- 3/16" White - 24" x 48"
- 1/2" White - 24" x 48"

DIBOND®
ALUMINUM COMPOSITE MATERIAL

Why Dibond®?

- Flattest panel on the market
- Superior surface protects expensive digital and screen-printed graphics
- Provides excellent durability in outdoor applications
- Won't bow or oil can
- Approximately one half the weight of a solid aluminum sheet
- Can be routed and returned to add dimension or roll-formed to deliver sweeping curves
- Self extinguishing; UL 94V-0 and Class 1/Class A fire rating (ASTM E-84)

Available in:
- 3mm White - 24" x 48"

Why E-Panel®?

- Recommended for flat panel applications
- Suitable to mount graphics
- Suitable for digital & screen printing
- Can be saw cut, routed or punched
- Class A fire rating (ASTM E-84)

Available in:
- 3mm White - 24" x 48"
