+ The **BN-20A** is an all-in-one solution for businesses looking to create t-shirt graphics, poster prints, POP displays stickers, and decals with a shop-friendly printer.

Perfect for a home-based business or existing production workflows, the BN-20A is extremely easy to use and creates affordable projects for you and your customers! If you're looking to expand into eco-solvent printing, this is a great piece of equipment to start with because it both prints AND cuts.

The BN-20A packs a big punch as the most compact and economical print-and-cut machine in the Roland product offering. But don't be fooled, the BN-20A delivers high-quality results that rival larger production units.

Product Benefits

The Best-in-Class Total Cost of Ownership.

The most versatile desktop eco-solvent printer and cutter in its class, the low cost BN-20A provides print quality of up to 1440 dpi and state-of-the-art cutting with consistent results time after time.

Eco-Solvent Ink Printer.

With the BN20-A, you'll have all the benefits of being able to print full color graphics without the unpleasant odors associated with similar processes. The eco-solvent inks have a mild, biodegradable formula with fewer harmful compounds.

All-in-One Printer & Cutter.

Not only does the BN20-A have high quality printing, but it also cuts unique designs for labels, decals, t-shirt transfers and more!
