

GLOSSY A5 PLASTIC COVER NOTEBOOK w/ PAPER

PNB25

This plastic covered notebook has a waterproof cover and is durable for everyday use. The front and back covers are ready to be personalized with sublimation, and make an ideal promotional giveaway, school item, or personalized gift. Note: A5 size is 5.875" x 8.25" with 60 pages.

Recommended Equipment

- Sublimation Printer
- Heat Press
- Paper – JPP Sublimation Paper

Recommended Settings

- Time: 60 seconds
- Temperature: 350° F
- Pressure: Moderate

General Sublimation Instructions

- Remove plastic film from notebook covers.
- Place transfer face down on the face of product and secure with heat tape.
- Place blowout paper on top of transfer sheet.
- Press the product for allotted time.

Assembly Instructions

- Remove notebook paper from binding in small sections. Lay off to the side on top of each other.
- Take one cover and align the holes to match the binding. Place through small wire binding.
- Add notebook paper in small sections ensuring that all holes have been inserted.
- Once notebook paper is inserted, place the other notebook cover on top.
- Twist binding left so that the large loop is against back cover. Squeeze binding together to ensure cover or pages will not fall off the binding.

Note: The above recommendations are a safe starting point for fabrication however due to variances in equipment and conditions may require minor adjustments to achieve optimal results.
