

# Easy-to-use Platens for your Hotronix® Heat Presses.

## 4" x 4" Platen | PL4X4

For use with a Hotronix® Auto Open Clam Heat Press or a Hotronix® Fusion IQ™ Heat Press, these 4" x 4" heat platens are perfect for applying even, consistent pressure on small items, youth apparel, and garments that have buttons, zippers, and seams in close proximity.

## 7" Round Platen | PL7R

For use with a Hotronix® Auto Open Clam Heat Press or a Hotronix® Fusion IQ™ Heat Press, these 7" round heat platens are perfect for applying even, consistent pressure on gym bags and items that require a round pressing surface.

## 6" x 10" Platen | PL6X10

For use with a Hotronix® Auto Open Clam Heat Press or a Hotronix® Fusion IQ™ Heat Press, these 6" x 10" heat platens are perfect for creating custom left chest logos without damaging seams, buttons, or zippers.

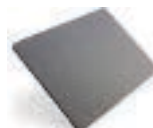

## 8" x 10" Bag Platen | PL8X10

For use with a Hotronix® Auto Open Clam Heat Press or a Hotronix® Fusion IQ™ Heat Press, these 8" x 10" heat platens are perfect for pressing to totes and polypropylene shopping bags. Thread your bag onto the platen for efficient pressing on both sides of the item as the platen will be in between top and bottom layer of bag.

## Bag Platen Set | PLSET3

For use with a Hotronix® Auto Open Clam Heat Press or a Hotronix® Fusion IQ™ Heat Press, this bag platen set includes 7" round, 6" x 10" and 8" x 10" sizes.

## 11" x 15" Platen | PL11X15

For use with a Hotronix® Auto Open Clam Heat Press or a Hotronix® Fusion IQ™ Heat Press, these 11" x 15" heat platens, known as the "Most Valuable Platen", are perfect for creating youth and women's size garments.

## Shoe Platen | PLSHOE

For use with a Hotronix® Auto Open Clam Heat Press or a Hotronix® Fusion IQ™ Heat Press, these shoe heat platens make customization of sneakers, tennis shoes, cleats, fashion footwear, and more easy. Allowing you to print up to 2" x 4" on the sides of most adult and youth shoe sizes, and accommodates two shoes in one press.

## Hat Bill Platen | PLHBILL

For use with a Hotronix® Auto Open Clam Heat Press or a Hotronix® Fusion IQ™ Heat Press, expand your hat decoration capabilities and cash in on a hot new trend with this specialty platen. Press the top or underside of cap bills, adding a new dimension to sports and fashion headwear. Press up to four caps at once.

## Can Cooler Platen | PLCAN

For use with a Hotronix® Auto Open Clam Heat Press or a Hotronix® Fusion IQ™ Heat Press, this can cooler heat platen is perfect for creating eight collapsible can coolers at one time.

# Easy-to-use Platens for your Hotronix® Heat Presses.

## Sleeve and Leg Platen | PLLS

For use with a Hotronix® Fusion IQ™ heat press, this Sleeve and Leg heat platen is perfect for pressing adult sleeves, pant legs, and youth size garments with ease.

## Double Sleeve and Leg Platen | PLDLS

For use with a Hotronix® Auto Open Clam Heat Press or a Hotronix® Fusion IQ™ Heat Press, specifically designed to double production capabilities when pressing sleeves or pant legs. This 16" x 20" platen has three print areas.

## 2 3/4" x 6 1/2" Cap Platen | PLCAP2X6

For use with the Hotronix® Auto Cap Heat Press, this platen is ideal for caps that have small printing surfaces on the front. Perfect for visors.

## 4" x 8 3/4" Cap Platen | PLCAP4X8

For use with the Hotronix® Auto Cap Heat Press, this platen is ideal for oversized caps and other headwear with large printing surfaces.

## 4" x 6 1/2" Cap Platen | PLCAP4X6

For use with the Hotronix® Auto Cap Heat Press, this platen is ideal for caps that have full front crowns.

## 6" x 10" Platen | 3" x 5 3/4" Cap Platen

For use with the Hotronix® Auto Cap Heat Press, this platen is ideal to use with caps that have a low crown or mid-sized printing area.

## Cap Platen Set | PLCAPS4

For use with the Hotronix® Auto Cap Heat Press, this set includes 4 platens to cover all of your cap pressing needs. The 2 3/4" x 6 1/2", 4" x 8 3/4", 4" x 6 1/2" and 3" x 5 3/4" platen sizes.
